'SKATERS WALTZ' RINGS OUT
AS MOKENA POND IS OPENEDTry One-Way Drives
At Mokena Churches

Since the building of the addition to the Methodist church in Mokena and services being held at about the same hour at all three churches which are in the same area, a congestion in parking and driving near the churches has resulted.

A meeting with representatives from all three churches, St. John's Evangelical, Immanuel Lutheran and Methodist was held in the latter church last Sunday afternoon. Lyma Teague, village board member was invited to set in with the group which studied the problem to find a solution.

As a result, each pastor will bring before his congregation and Mr. Teague to the village board the suggestion that those attending church for any service should make a one way route by entering the churches ground on Union street, the street in front of the Lutheran church, and leaving the parking area at Second street, the street in front of the Methodist and St. John's churches.

Also they request diagonal parking at St. John church and to park cars only on the north side of Second street, as this is a narrow street. It is expected that the village board will be glad to cooperate in this request.

A request will be made of the village board to erect directional signs in this area.

Swanberg's to Sell
Harvestore Storage
Unit and Unloader

Swanberg Farm & Auto Service, Mokena, has been signed to represent the Harvestore Division of the A. O. Smith Corp. as a dealer, according to announcement by Morris E. Fonda, Division sales manager.

He will sell and service the glass surfaced steel Harvestore silo and the Harvestore unloader in this area.

Swanberg recently attended a factory sales and service school conducted by the Harvestore division.

The 40 foot unit, which is glass coated inside and out by a special process, is impervious to corrosion and requires no maintenance compared with the ordinary farm silo, said Swanberg.

Silage spoilage, which ranges up to 25 per cent in conventional storage units, is eliminated because the unit excludes oxygen. The dangerous and unpleasant task of daily pitching silage from the top of a tall structure is made unnecessary because of mechanical unloading from the bottom.

Also preserved from spoilage are the broad range of grains, including high moisture corn, he said.

Important, said Swanberg, is the fact that bottom unloading makes practical for the first time feeding of silage on a year round basis. Delivering the forage by a self feeding mechanism from the bottom unloader can now become almost as simple as flipping the switch which sets the process in motion.

Richard Borms & Son, of Peotone, shipped 33 head of crossbred butcher pigs to the Chicago Stock yards Monday that averaged 271 pounds each which brought \$25.10 per cwt.

Mokena Boy Injured
On Wolf Rd. Friday

Hassan Wagner, 11, son of Mr. and Mrs. Roy Wagner, 191st street and Wolf road, was injured Friday when he reportedly ran in front of a passenger car in front of his home.

According to Ted. Rinnman, 31, of 139 Oak st. New Lenox, the driver of the car, the boy dashed across the street after alighting from a truck which had brought him home from school.

Rinnman told police he had stopped at 187th street and Wolf road to let off a rider, and was driving south on Wolf road when he noticed several boys alighting from the truck on the east side of the road. Wagner and another boy ran into the highway, he said. One boy got across, but Wagner was struck by Rinnman's fender. Rinnman's story was corroborated by two passengers in his machine, Helen Hall, New Lenox, and Mrs. Mary Widemayer, Mokena.

A fleet of trucks manned with crews of five men each has been organized for the \$3,500 broom-selling campaign on Feb. 6 sponsored by the Lions clubs of the Lincoln-Way school district.

Proceeds of the sale, which is under the chairmanship of Don Wennlund, New Lenox, will be used to provide lighting facilities for the athletic field at the new Lincoln-Way school on route 30. Wennlund is urging every resident to buy a broom for the cause.

John Scarth, Mokena's mayor, has arranged for 10 trucks and Burton Breidert reports that 15 trucks have been readied for the sale in Frankfort. Fifteen trucks have been recruited in New Lenox by Roy Pfeiffer, project director.

Every Lion in the four towns of Frankfort, Mokena, New Lenox and Manhattan will be selling a broom, whisk broom or door mat to residents in a definite area assigned to him. All money obtained will go to the Lincoln-Way lighting fund with none to be used by Lions clubs for their own purposes. It is estimated that 8000 homes will be visited.

Every article sold also will help a blind person to achieve a worthwhile life as they have been obtained from the Light-house for the Blind, Little Rock, Ark. All are of excellent quality and workmanship, says Mr. Wennlund. He is being assisted by the presidents of the four Lions clubs, and by Hunter Chapman, superintendent of the high school.

The project was undertaken after a survey of public opinion which showed that most local people were in favor of it and would support such a move. It was felt that adults of the community would have an opportunity of seeing the home football games if they could be scheduled in the evening.

**Protect Livestock
From Rabies: Jesk**
Bremen township farmers are warned by James W. Jesk, township supervisor, to give careful attention to the health and actions of livestock during the present rabies quarantine.
Recently, he said, a local farmer lost a valuable Hereford cow. The animal showed signs of sickness, was ordered isolated by a veterinarian, and died several days later. Examination of the head at the Illinois Research hospital revealed positive rabies. Preventive measures protected the other animals on the farm, and none were effected.
It is not necessary to kill an-

imals suspected of rabies, said Jesk, but simply to confine or isolate them and immediately call a veterinarian.
The prospects of adequate food supplies for America throughout this year are brightened by three American assets, in the

view of many experts.
The assets are listed as the equipment and technical knowledge which have enabled the nation's farmers to produce more food than at any time in our history; the technological advances in food processing, and the efficiency of our food distribution facilities.

ENGINE OVERHAUL

Gives you "New Tractor" Power Again

An old adage says: "There's a time to fish and a time to mend your nets." You mend nets when you can't fish.
It's the same way with farming. Now the rush is over — get set for non-stop farming next spring.
If your tractor lags on the hard pulls, schedule it now for an engine overhaul. You'll be surprised how little it costs to put new life in your old tractor.
We don't just "fix it" — we repower it. Stop in and talk it over.

ty budget for the fiscal year 1954.

Gilbert H. Scribner Jr., Winnetka, chairman of the committee on Cook county of the Civic Federation, delivered a ten page address on all aspects of the proposed budget, and Thomas E. Fiske, Chicago, chairman of the state municipal revenue committee of the Chicago Association of Commerce and Industry, and Jules F. Fisher, Evanston, chairman of the taxation committee of the Chicago Real Estate Board, backed him up.

The budget calls for appropriation of \$52,094,543.37, and was acted upon in final form Dec. 30 by the County Board.

Scribner pointed out to the county commissioners that the tentative 1954 budget is 150.8 per cent over the 1944 budget. He asked why the use of modern business machines, urged by the civic federation in 1948, has not cut down the number of employees in the county clerk, auditor, treasurer and central services offices. He showed how the number of office personnel in those departments has increased from 772 in 1948 to 893 under the 1953 budget.

This is what Scribner had to say about township collectors:

"They should be abolished in this, the most populous county in the state. We believe the service they render could be performed by the county treasurer at a fraction of the \$1,278,850 commissions paid them on 1952 collections."

After Scribner spoke, Comr. John J. Duffy announced he had learned that the Moody Investment Service, of New York, has granted Cook county bonds an AA rating, the highest possible, making the county the only government in the area with an AA rating.

Comr. William Busse asked Scribner what he meant by a proposal to have townships and villages pay their own election costs, and Comr. George A. Miller also said that country election districts are treated the same as Chicago precincts in elections. Miller said that in local elections the suburban voting districts pay their own costs, but Scribner replied that as an election official he had been paid by the county clerk, Richard J. Dale.

Fiske said his organization approved the federation's report in toto, but denied that he was "blindly following another group." To an assurance by Pres. Erickson that the board will work with other local taxing bodies on wage scales, Ryan said "but not on eliminating the township collectors."

Earlier, County Clerk Richard J. Daley and County Treasurer John J. Brenza had reported that Cook county wound up the 1953 fiscal year in the black, with cash on hand Nov. 30 amounting to \$4,263,779, an increase of \$1,805,328.71 over fiscal year 1952.

Cash received during 1953 amounted to \$70,483,893.36, the officials reported, with disbursements adding up to \$68,678,564.65.

Much of the increase in the 1954 corporate budget is traced to the primary and general elections due next year, and to expenses resulting from the election of eight new Superior court judges at the Nov. 3 election. Scribner had remarked that the federation had been given to understand that the new judges would not entail hiring of new employees, but that 30 new employees are being hired anyway.

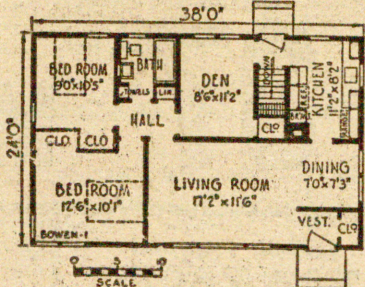

The 30 new jobs added \$100,000 to the budget, while another \$100,000 was added for the hiring of additional jurors. Another proposal before the county board is to raise jury pay from \$5 to \$7.50 a day, but final action on the proposal is still pending.

New Farmall Shown Here

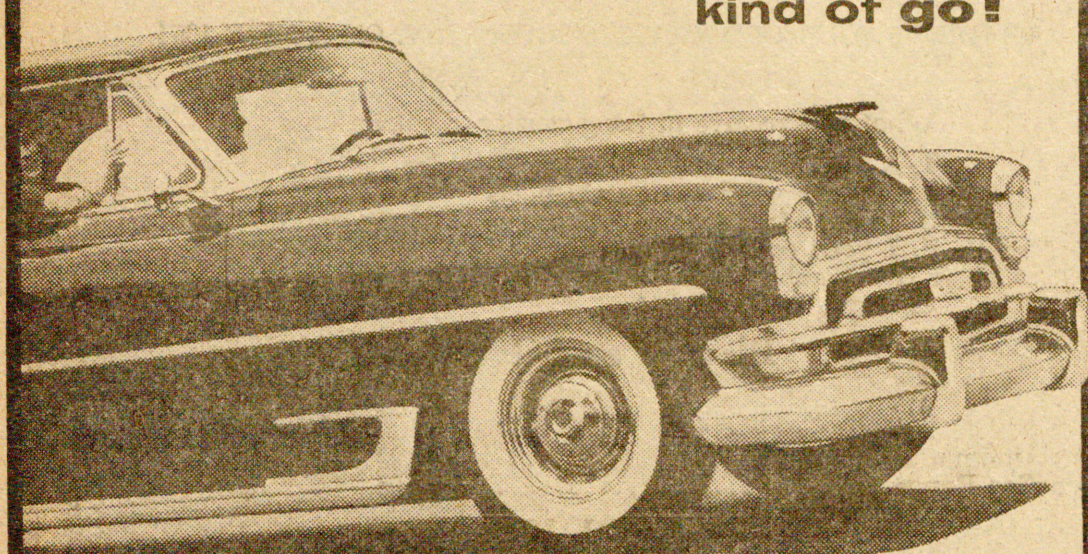

Here's the new Farmall Super H, recently announced by the International Harvester Company. It has 14% greater power and up to 26% faster field speeds. Tests show that it has the power and speed to pull a standard three-furrow moldboard plow in most soil conditions, plow up to 13 acres a day and cultivate up to 65 acres with four-row equipment. A new valve-in-head engine and self-energizing, double-disc brakes head a list of 21 major improvements in the new Super H. The tractor is on display at the International Harvester dealer's showroom here.

Seems as if some of the bowlers are beginning to find the right spot with 5 of them hitting over 500. High for the evening was Bob Oates' 565, Ray Mager's 535 (trimming his shoes must of helped or is it that he is just going to show everyone that he can keep from fouling?) A 212-519 by Evelyn Lehmann. 201-514 for Wally Goebel (he found the head pin), and a 508 for Andy Plattis.

Bremen State Bank made a clean sweep over INR Beatty. The All Star bowling programs aren't helping one bowler very much or could it be she doesn't point her toes the right way?

H&S Feed took 2 games from Lehmann Bros. Garage to increase their lead and put Lehmann's closer to the cellar. Capt Ava Funk was having head pin hits, or could be the head pin was moving.

Goebel's Ins. won 2 from Vogt's Dept. Store. Are Goebel's trying to get out of the cellar? At least Wally finally broke his tough luck now Moose is having trouble.

Mokena Wins Two From Frankfort

Mokena celebrated its return to Des Plaines Valley conference play Friday by trouncing Frankfort in two games, 34-11, and 43-7.

The Mokena teams had been engaged in the Taft tournament at Lockport and had not played in their own conference for two weeks. Friday's games were the two schools this season. Mokena had previously won the two played at Frankfort.

Mokena fans were treated to a rough and tumble brand of basketball, but the home team managed to concentrate on the playing enough to turn each game into a rout.

Billy Westman led the Lights with 12 points, followed Henry Barnett with 9. Mokena led 8-2 at the first quarter, increased its lead to 17-4 by half time and completely ran away from Frankfort in the final period by outscoring their rivals 13-2.

The Heavies took a first period lead of 11-4 and then ran their advantage to 17-4 at the half, being sparked by Lee Yunker's straight baskets. Mokena led the game in the third by scoring 13 and holding Frankfort from registering a single point.

Don Lehmann provided this spark by scoring 6 of his 9 points in this quarter. Leonard Senglin led all scorers with 11 points, Mokena's defense held Frankfort from scoring in either the second or third periods and allowed them only one basket in the entire game. Mokena will travel to Troy Friday Jan. 29 where it will meet the team coached by Mr. Sleight, who was coach of Mokena last year.

New Lenox Leads in Mo-Fr-Ma-Le Games Tournament Feb. 14

Standings in the Mokena-Frankfort - Manhattan - New Lenox basketball league have been announced. They are:

	Win	Lose
New Lenox	5	1
Frankfort	4	2
Manhattan	3	3
Mokena	0	6

The league was formed to allow boys from the new Lincoln Way High school district to play basketball. There are 24 boys on the four squads, 10 of them on the Mokena team.

The league is sponsored by the Frankfort Legion. Games will be played from 1:30 to about 4:30 pm. each Sunday. The Legion has arranged for the gym to be heated during the games, and invites everyone interested to come out and watch the boys play.

The Mokena team is definitely in the cellar but it is hoped that local residents will come out and root. The boys are playing well and with some solid support could start a winning streak.

So far the New Lenox team has forged ahead but has had plenty of trouble. In Sunday's game with last place Mokena (61-46) it was anyone's game and well fought all the way.

Second place Frankfort really extended itself to beat Manhattan 48-44.
